

掙扎後的喜悅（已卸除） Worth Every Blow

作品介紹

美籍街頭匿名塗鴉藝術家BiP，以台灣年輕人的臉孔為範本，繪製一幅在奮鬥掙扎後，在陽光照射下，明亮喜悅的臉龐，藝術家欲藉由這一刻，留給大眾無限的想像；並象徵著赤峰街區的居民們，過去早年白手起家的辛苦經歷，到現今安居樂業的生活意象。

American graffiti artist BiP draws inspiration from his own childhood experience and bases the work on the face of a Taiwanese youth, revealing a brightly joyful visage after conquering one's struggles under the sunlight. By capturing this uplifting moment, the artist hopes to lead visitors into infinite imagination. Although Taiwan is a small island with limited resources and a comparatively large population, Taiwanese people still have a strong mind and an unyielding attitude towards life.
